WRITING

(223 words)

Welcome to the Debate Club!

Hello! I'm a member of the Debate Club. Today I'm going to tell you everything about our engaging club which has got only advantages.

First of all, it's pertinent to note that the Debate club is really special and unusual. It's the best chance to show your interests, explore opportunities to network, share and develop leadership skills. This club will widen your horizons, boost your beginning and provide valuable experience.

Secondly, there are a lot of activities here. For example, we discuss, take important decisions that are related to our school problems and try to solve them. Also, members take part in different community service organizations. We are interested in environmental sustainability and working together to promote sustainable practices and lifestyles.

To add, you'll have a lot of benefits of participating. For example, you'll receive a scholarship for the implementation of projects. Also, you'll expand your resume. Showing employers that you participated in a school organization, they'll know that you're hard-working and can handle multiple responsibilities. Ultimately, you'll be ready to take on your future career.

Finally, we have a lot of plans for the next year, including joining different newspapers, working with radio and... You'll find out the rest of the information if you are in our team. That's why join us!

PS. For feedback I'll leave you my e-mail address (debateclub@bk.ru)
