Intellectual upgrade

We are happy to introduce you, our dear school members, the "Debate Club", to you. We want to learn how to show your point of view? study how to speak beautifully and without hesitation? To have loyal and clever friends? If you are interested, this advertisement is definitely for you! We are introducing a trial lesson for engaging people. It will be on Monday at 5 pm at library. We will talk about benefits now.

Actually there are a lot of things we are doing during debate sessions. Sometimes we play games, talk about modern problems, politics. We also enjoy speaking about personal interests, hobbies. We've got a calendar twice a month.

There are some people that used to visit our school, and now are really successful. The best example is Tom Black, who is now a top manager of game developing company. He is having an interview and getting to this is also a good opportunity for getting feedback from him. We are planning to join some intellectual contests next year. So get a boost in important skills. ~~It's a great way to make~~ Joining us is also a great way to make new friends, so feel free to join us any time!
